

WHAT THEY'RE SAYING ABOUT ADVENTURE CLUB!

"It's super awesome! I love the games and the singing, too!"

"Adventure Club is fun for me, too! As a leader, I like getting to know new kids. It's an honor to be playing with them on Wednesdays and praying for them the rest of the week."

"We find the Childrens Ministries program at Calvary our #1 reason for being members. Wednesday nights we constantly ask our kids about their experience. Each time they talk to us not only about the fun games they played and crafts they made, but also give us concrete answers to the Bible lessons they learned. We love the balance that the Wednesday night programming strikes between and fun and solid learning."

"My daughter loves Adventure Club. Last year our family went on vacation the week of the roller-skating field trip. My daughter was so disappointed. Even while we were at Disneyworld she talked about missing Adventure Club!"

Adventure Club

Wednesdays, 7-8:15pm

Adventure Club is a place for kids and their friends to meet Jesus!

If you like awesome songs, crazy skits, high-energy games and cool crafts, then you'll love Adventure Club. Plus, Adventure Club has the most amazing leaders who will show you how to live for Jesus... and we haven't even mentioned the candy...

This year's lessons focus on God's power. Kids will study the Bible to see how God demonstrated His love and power through the lives of many choice servants. Kids will also discover that God wants to work His power in their lives today!

POINTS

Each week at Adventure Club, kids earn points to encourage participation and good behavior. Points are saved to spend on Point Nights, held twice a year. Points can be spent on candy, toys and other fun prizes! How do kids earn points?

Attendance • Homework completion
Bringing a new friend • Good behavior
Small group participation • Bible memory

TREAT BUCKET

Sharing treats is a fun part of Adventure Club. Each child will have one or two opportunities to take a treat bucket home. Bring the treat bucket back the following week, filled with snacks to share with the other kids!

FAMILY INVOLVEMENT

Keep your eye out for the Family Fun Sheets which are sent home each week. This will let you know what your kids have learned about at Adventure Club. Plus, if you complete the activity together, your child will earn points for homework completion!

Families are always welcome to sit-in during the club program. We'd love to meet you and show you what we do!

SAFETY AND SECURITY

We place a high value on the safety of children in Adventure Club! Please help us keep kids safe by coming into the building to pick your child up at 8:15pm. 1st and 2nd graders should be picked up in the Activity Center. 3rd and 4th graders will be in the

lower level, meeting with their small groups. Also, please do not leave your children unattended before or after Adventure Club.
